EDUCATION

Glasgow School of Art

MSc Design Innovation and Service Design

Sep 2024 – Sep 2025

Shantou University

BA Digital Media Art

Oct 2020 – Jun 2024

INTERNSHIP EXPERIENCE

Kuaijishan Shaoxing Wine Co., Ltd.

Product Intern

Oct 2025 – Dec 2025

- **End-to-end experience redesign:** implemented the "Five Codes in One" digital system connecting online and offline channels; reshaped Kuaijishan's D2C digital user experience; delivered poster visuals and promotional materials for the "Shuangjiu" sub-brand series.
- **Brand rejuvenation:** led production of brand promotional short videos to enrich the online content matrix, turning one-off purchases into long-term content engagement and refreshing the traditional huangjiu brand for younger audiences.
- **Private-domain business loop:** launched scan-to-interact campaigns built on the "Five Codes in One" marketing system, efficiently converting private-domain traffic, reactivating member repurchase, and raising average user value — closing the loop on digital marketing and user operations.

AD Studio

Interaction Design Intern

Jul 2022 – Oct 2022

- **Requirements & competitive research:** investigated patient needs for a community-facing light-healthcare service, ran competitive analysis, distilled interaction patterns, and defined product improvement directions.
- **Design system:** drove the age-friendly "Care Mode" design — larger typography, stronger color contrast, and simplified flows tailored to elderly core users.
- **Testing & iteration:** helped organize usability tests and gathered real feedback from community residents, continuously optimizing user flows to improve interaction efficiency and elderly user satisfaction.

Chuda Design Consulting Co., Ltd.

Product Design Intern

Aug 2022 – Nov 2022

- **Field research:** conducted in-depth tourist interviews on Mayu Island, Shantou; mapped and visualized user journeys to uncover real demand for outdoor sunshade equipment rental in coastal scenarios.
- **Hardware + software solution:** independently designed a portable sunshade product, built the companion app's smart rental flow and prototype, and planned the full visitor experience — leading to a deep partnership with Shantou Industrial City.
- **Landing & iteration:** identified core service pain points from research, iterated the full rental solution, and supported the trial launch of the smart sunshade rental project on Mayu Island.

PROJECT EXPERIENCE

Lloyds Bank

Insurance Digital Service

Feb 2025 – May 2025

- **Mapping the service chain:** uncovered pain points of working women around maternity and workplace rights protection; produced service blueprints and user journey maps covering the full insurance business chain.
- **Web + app optimization:** built the information architecture for the official website and app, refined key pages, and visualized financial protection.

Generations Working Together (GWT)

Services for Special-Needs Families

Mar 2025 – Oct 2025

- **User research:** partnered with the organization on in-depth user research, pinpointing the intergenerational communication gap in special-needs families; completed the full innovation project planning.
- **Medium innovation:** independently developed an interactive board game through service design thinking — a lightweight, highly adaptable social tool bridging generational barriers.
- **Validation:** organized and ran 6 standardized offline events with the self-developed product deployed at scale, validating the market feasibility of the innovative service model.

SKILLS & CERTIFICATES

- **Languages:** Chinese (native), English
- **Technical:** Vibe Coding, TouchDesigner creative coding, 3D modeling, graphic design
